SUMMARY

Adaptable and detail-oriented technical professional and Texas State University student pursuing a B.S. in Digital Media Innovation with a minor in Computer Science (GPA: 3.29; Dean's List, Fall 2025). Brings hands-on experience in hardware diagnostics, structured operations, component handling, and Linux/technical problem-solving in fast-paced environments. Eager to leverage a strong technical foundation and rigorous work ethic to support Brivo's global data center infrastructure, server deployments, and scaling network systems.

WORK EXPERIENCE

Kappa Alpha Psi Fraternity, Inc. — May 2025 – Present

- Video Editor & Marketing Lead
- Collaborated with chapter members to plan, manage, and execute video and audio-driven media deliverables on strict deadlines.
- Set up, operated, and troubleshot production hardware, display monitors, Apple/Windows workstations, and digital mixing/editing tools.
- Facilitated vendor and stakeholder communications, translating technical and creative requirements into high-quality multimedia outputs.

Freelance Videographer & Photographer — November 2025- present

- Client Services
- Managed client consultations, equipment setup, on-site recording, and post-production workflows from initial concept to final delivery.
- Troubleshot technical issues with cameras, lighting, audio capture gear, and playback systems under tight schedules and high expectations.

Costco, Wholesale — May 2026- sept. 2026

- Overnight Stocker | Stafford Business Center, Stafford, TX
- Executed fast-paced operational tasks, tracked inventory movement, and managed structured drop lists to support daily business readiness.
- Collaborated with team members and department managers to ensure seamless morning facility handoffs.
